

CALGARY BOARD OF EDUCATION

PROUD PAST BRIGHT FUTURE

Celebrating 125 years

While March 2, 2010 marked the official anniversary of the 125th year of incorporation of the Calgary Public School District No. 19, celebrations and events honouring the milestone have been taking place since fall 2009. Calgary Board of Education schools and departments have been creating events and anniversary moments meaningful to each of them.

For example, several schools participated in "The Day in the Life" photo essay. Students took photos of their activities throughout the day and provided their Top Ten Shots for posting on the anniversary website. One school prepared a short video. Another linked the anniversary to their visit to Fort Calgary. Other schools are showcasing their fine and performing arts events using the anniversary theme.

Other significant events include the production of an anniversary photo book featuring employees from every area of the CBE who work in support of students. The CBE will have a float in the 2010 Stampede Parade featuring the anniversary theme. Also, a 1-2-5 km Fun Run is being planned for November 2010 at Eau Claire Market. Open to all CBE staff, students and families, as well as all Calgarians, funds raised will support the Fuel for School Breakfast Program, providing nutritious meals so students are ready to learn everyday.
